Dear Mr. Anguiano:

Thank you for your response.

I am not requesting personal intervention for myself.

**I am asking the Revenue and Tax Committee to utilize its oversight powers to investigate and stop the unlawful activity.**

I used the evidence uncovered in my own case to prove that the FTB is **SYSTEMATICALLY** conducting illegal activity. I have given you a reasonable cause basis on which to launch an investigation into their overall business practices.

It is within your policy guidelines to investigate and regulate FTB's overall business practices to comply with the law. Failure to do so looks suspiciously like collusion to cover up criminal activity.

I hope that you will look into the matter further.

Regards,

Christine Grab

Ms. Grab,

Thank you for reaching out to Committee staff. We have read through the material and have spoken with the Franchise Tax Board. Unfortunately we have a general policy against involving ourselves in pending and ongoing litigation.

Thank you,  
 Carlos Anguiano

**Subject:** Proof Franchise Tax Board Overcharging Interest via 4 Schemes

Dear Legislators:

I have contacted you all numerous times about FTB's unlawful activities and you have all blown me off. Attached is proof that FTB is overcharging taxpayers via four different schemes.

Here is my CA Supreme Court Accusation in which I document that FTB is running two embezzling/racketeering schemes and a third racketeering scheme: pages 1 - 12:

The CA Supreme Court chose not to hear my case and gave no reason why: <https://gwsandiego.net/blog/wp-content/uploads/2020/10/Supreme-Court-Denial.pdf>

It is your job to protect your constituents. I expect you to immediately intervene to put a stop to these unlawful activities.

If you would like to contact me for more information on this matter, I can be reached at [REDACTED]
