Dear State Senate:

I am thankful that in the United States, I have the right oversee my legislators to ensure that each of you are properly serving the public.

I hope you each take some time to reflect on what it means to be a public servant. I hope each of you do some soul searching about whether you are doing what the constituents want you to do on our behalf, or are you pushing personal agendas to the consternation of the public.

I hope that when you all return to the new legislative session, you will each be thankful that you have been given the opportunity to be public servants, and strive to be the best representatives of the **public** interest to which you have been entrusted.

I hope that each of you will do your best to ensure that each person in the legislature is focused on following the existing laws (including having proper oaths and surety bonds). Please stop protecting the law breakers — let them suffer the consequences of their own choices.

I also hope that each of you will focus on ensuring that any new laws that are introduced/approved line up with the state and federal constitutions (as you promised to do

when you signed your oath).

I hope all of you enjoy your holiday.

Regards,

Christine Grab + the 441 others who have signed this petition: <https://www.change.org/p/demand-scott-wiener-s-immediate-removal-from-office-for-committing-felony>

Dear State Senate:

Just another reminder that the State Senate has been knowingly and intentionally allowing Scott Wiener to commit fraud by falsely posing as a State Senator. Without a current oath filed with the Secretary of State, he did not have legal standing to be working as a legislator.

By failing to sign an oath when this was brought to his attention in January 2024, but continuing work unlawfully, Mr. Wiener has been acting as *a foreign agent posing as a government agent* and subject to prosecution under US Criminal Code Title 18 U.S.C. § 912, which is punishable with up to three-years in federal prison. This falls under the purview of both the federal government and the military.

The people within the State Senate who have knowingly allowed Mr. Wiener to continue working fraudulently, along with those who attempted to cover up Mr. Wiener's fraud, are all co-conspirators.

Details of the situation, including a list of laws that the State Senate has violated, are here: [Notice of Legal Violations](#), the [Writ of Quo Warranto](#), and the [Certificate of Default \(part 1, part 2\)](#)

Based on my interaction with the State Senate, I believe that the Senate staff that I have contacted have all been smug that they could get away with violating the laws documented in the links above. My assumption is that the smugness came from knowing that Rob Bonta nor the Biden administration would prosecute. But the Trump administration may prosecute. There is no statute of limitations on fraud.

Please, correct the crimes the State Senate intentionally committed against the constituents by immediately vacating Wiener from office and voiding all of the legislative work done since Wiener's oath expired at the end of 2018. Correcting these legal violations shows your constituents that you are acting in good faith to lawfully serve the people. By failing to correct these legal violations, you are subjecting yourself to prosecution.

Furthermore, please void all legislative work done by Bradford, Caballero, Durazo, Grove, Laird, Rubio, Skinner and Talamantes Eggman for the periods where there was a lapse in their oaths (details and links to the oaths are below in this thread, dated November 12).

Moving forward, please show the constituents that the State Senate understands that they are not above the law. Please make sure that all State Senate legislators and staffers have current oaths that comply with the laws and surety bonds filed with the Secretary of State (the laws are cited in the documents linked above).

Regards,
